

NAUTIC GEAR OIL 75W90 GL5

Bardahl NAUTIC Gear Oil 75W90 is a semi-synthetic transmission oil for inboard and outboard tailpieces and transmissions (both straight and oblique gearing). This transmission oil has been specially developed to meet the most stringent requirements in recreational boating. This transmission oil offers maximum protection against wear and corrosion.

Application

For tailpieces and transmissions (both straight and oblique gearing) of pleasure craft, suitable for high temperatures and heavy loads.

Specifications

API - GL-4 | API - GL-5 | MIL - L-2105 D

Analysis-data

Test			Results
SAE - Klasse	Method	Unit	NAUTIC GEAR OIL 75W90 GL5
Density at 15 °C	ASTM D4052	g/ml	0.885
Viscosity 40 °C	ASTM D445	mm ² /s	87
Viscosity 100 °C	ASTM D445	mm ² /s	14.5
Viscosity index	ASTM D2270		170
Pour point		°C	-42
